GRAIN GUARD

RETRO ROCKET™

Making Sense of Rocket Science.

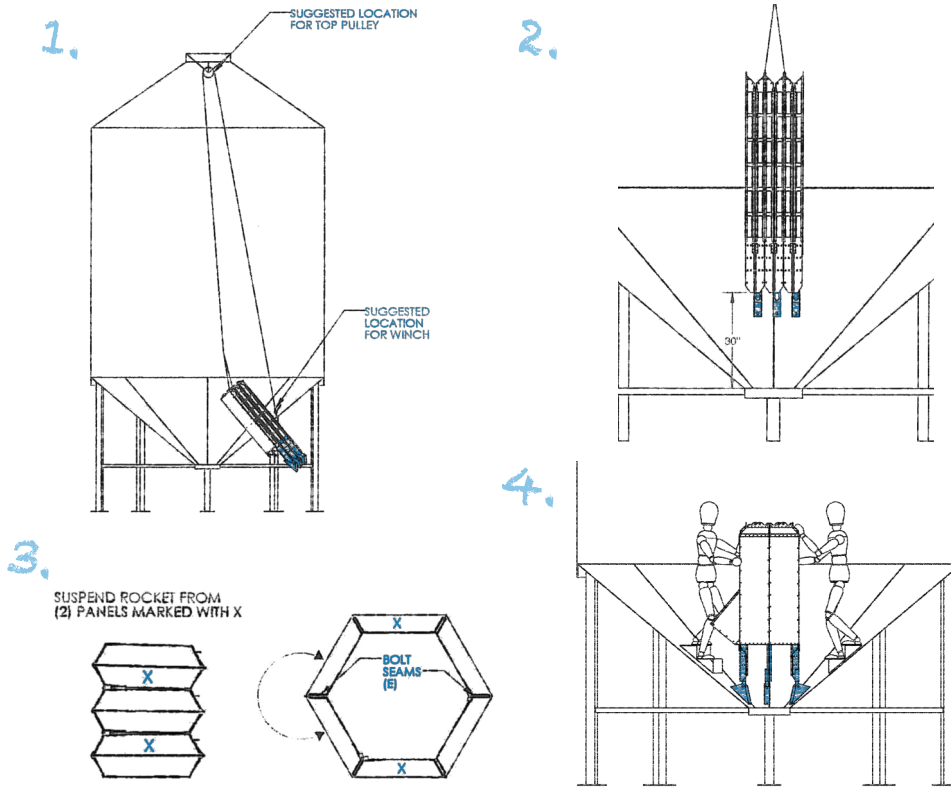

Hopper bottom bins without aeration? It's not too late to dry your grain!

Introducing the revolutionary Retro Rocket, the only do-it-yourself rocket system that allows you to retrofit existing hopper bottom and smooth-walled bins with farm proven Grain Guard aeration. In as little as half an hour, two people can install a Retro Rocket. Once it's installed watch your profits take off!

Features

- Easy "do-it-yourself" installation
- Retro fitted to your existing smooth-walled or bolt-together, hopper bottom bin
- Delivers air into grain core

- Lightweight computer modeled, farm tested design
- Unique folding design
- Double wall center aeration
- Added strength of 3rd leg
